Thank You For Your Support

THE COWGIRLS & COCKTAILS STORY

In an effort to concentrate on something bigger than my own cancer, and with the help of a dedicated committee of friends, the Cowgirls & Cocktails fundraiser was born. Our main purpose was and still is helping women in our community who have breast cancer.

Through different organizations, we reach women on a grassroots level, assisting with everything from taxi vouchers, to providing much needed goodie boxes filled with products to aid in the surgical healing process, both mentally and physically. We are touching those in need on a very basic level. Cowgirls & Cocktails is a celebration of life at its best. It is full of fun and is unforgettable. It happens each year because of the efforts of tireless volunteers and committee members. And the support of our generous sponsors such as Jim Beam, Coors, Leaping Horse Vineyards and many local businesses. Plus the added bonus of our hot bartenders in pink!

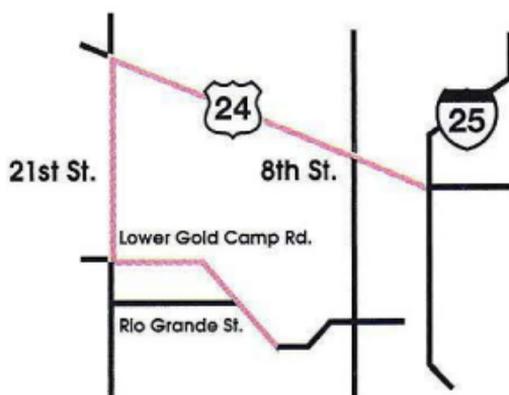

Cowgirls & Cocktails is a reminder that together, we can make a very real difference. Please join us on June 7th. We have only just begun to make our mark!

THANK YOU!

xoxo... Cindy Fowler
