

## **DLAB** **(Defense Language Aptitude Battery)**

The web-based DLAB is used as a screening device by the Department of Defense for identifying individuals who have the potential to study a foreign language under the Defense Foreign Language Program. Evidence indicates that the higher the DLAB score is, the better are the chances for success in the course.

\* Please make sure that you know the score that is necessary for the program that you are interested in.

**Necessary Form:** To sign up for the test you need a **DA Form 4187**. We can provide you with the form here in Room 217 or you can go to Room 150. Once you have the form, fill out the necessary information, have it signed by your commander, if for example your 1Lt is current in command then have him or her sign and include an **assumption of command memorandum**.

**Scheduling:** Once you have the DA Form 4187 filled out and signed then you can bring it to Room 150 and they will schedule you. The test is given every Wednesday at 0800. Please make sure that you are here by 0745.
