FOR IMMEDIATE RELEASE

Public Service Announcement **4th Inf. Div. brigades conduct noise-generating training**

FORT CARSON, Colo. — Noise-generating training, including artillery and aerial gunnery, will continue to be conducted by two 4th Infantry Division brigades on Fort Carson training ranges.

The training, which began on Feb. 10, is expected to continue through Feb. 28.

Units involved in the training are the 2nd Infantry Brigade Combat Team and 4th Combat Aviation Brigade. The training is necessary so units are prepared for any potential mission they may be called upon to support around the globe.

Throughout this time increased noise and dust should be expected including in the evenings and throughout the night due to large-caliber training with live munitions. Increased aviation operations should also be expected both at Pinon Canyon Maneuver Site and Fort Carson.

Fort Carson is dedicated to being good neighbors and will continue to inform the public about training events that may affect surrounding communities. We will continue to listen to our community and work through any noise issues that may arise. We strive to balance our training requirements with respecting our neighboring communities.

Noise complaints should be directed to the Fort Carson Public Affairs Office at (719) 526-9849.

For more information contact the Fort Carson Public Affairs Office at (719) 526-7525. After hours, please contact the 24-hour Fort Carson Operations Center at 526-5500 and ask for the On-Call Public Affairs Officer.
