Military units to conduct noise-generating training

FORT CARSON, Colo. – Multiple units at Fort Carson will conduct noise-generating training that will include artillery, mortar and flight operations starting July 21 and ending Aug. 15 throughout the Front Range, northern and southern Colorado regions.

The training is to prepare the units for any potential missions they may be called upon to support around the globe.

During this period increased noise and dust should be expected, including in the evenings and throughout the night due to engaged training.

Fort Carson is dedicated to being good neighbors, and will continue to inform the public about training events that may affect surrounding communities. We will continue to listen to our community and work through any noise issues that may arise. We strive to balance our training requirements with respecting the communities throughout Colorado.

Noise complaints should be directed to the Fort Carson Public Affairs Office at (719) 526-9849.

For more information contact the Fort Carson Public Affairs Office at (719) 526-4143/7525. After hours please contact the 24-hour Fort Carson Operations Center at (719) 526-5500 and ask for the On-Call Public Affairs Officer.
