FORT CARSON, COLORADO 80913

AUG 01 2019

Future Warhorse Soldiers and Families,

Welcome to the 2nd Infantry Brigade Combat Team! I extend my warmest welcome to you and your Families to the only Light Infantry Brigade Combat Team in III Corps. You are joining us as much of the brigade is deployed to Fort Knox, Kentucky in support of Cadet Summer Training, while another portion of the brigade is currently training for a Decisive Action Training Rotation at the Joint Readiness Training Center at Fort Polk, Louisiana later this year.

In addition to being one of the most deployed brigades in the Army to Iraq and Afghanistan, our pride stems from a distinguished legacy of service to our Nation that began in 1917 during World War I. Our 19 Medal of Honor recipients include the only three Medals of Honor awarded in the 4th Infantry Division for service in Iraq and Afghanistan.

The Warhorse Brigade is disciplined, highly trained, physically and mentally resilient and is always ready to deploy anywhere in the world to accomplish directed missions while taking care of Soldiers and Families. The bedrock of our formation are our Soldiers who are disciplined, physically fit, mentally tough, and experts in the fundamentals. We stand always ready to answer our Nation's call.

As you prepare for your assignment to the Brigade, know that we need you and are anxiously awaiting your arrival. The Mountain Post is a great place to live and serve. Our local community is strongly supportive of our military and offers unique and world class recreational and outdoor activities for you and your Family.

There are several ways to learn more about the Fort Carson and the Warhorse Brigade. I recommend accessing the Fort Carson homepage, <http://www.carson.army.mil/>. The website provides information about the Post, upcoming events, agencies on Post, and links with additional information about the Brigade. Our Brigade S1 shop at 719-503-4015 or our Brigade Staff Duty at 719-503-4009 are available to assist with general questions about your assignment to the Brigade, including connecting with your sponsor.

Our Brigade Family Readiness Liaison, 719-238-1849, is available to assist in connecting you or your spouse to one of our Family Readiness Groups. The Warhorse Brigade Facebook page, <https://www.facebook.com/2ndibct4id/> also provides updated information on our current activities.

I look forward to you joining our team and serving alongside you in the best Brigade Combat Team in the Army.

A handwritten signature in black ink, appearing to read "Scott P. Knight".
